

The Cadetship Sales.

The plea of Mr. Whitmore, argued so disastrously to his client by General Butler, that the cadet money all went to the poor, has revived the old story of the miller who sometimes had crazy fits in which he always imagined himself to be the Lord judging the world. On these occasions he would put on a paper crown, ascend a pile of meal bags with great dignity, and call his neighbors in succession. The same ones were always judged; and they were millers of his vicinity. The first summoned was Hans Schmidt.

"Hans, Schmidt, stand oop. Hans, vat is peen your pishness in dat old world?"

"I vas a miller, Oh Lort."

"Vas you a poor man?"

"Vell, ven der vater vas low and the pishness is bad, O Lort, sometimes I takes little extra doles."

"Vell, Hans, you shall go oter mit der goats, already yet."

And in succession all were tried and immediately sentenced to go over to the goats. Last of all the miller invariably tried himself in the following style:

"Jacob Miller, shant oop. Jacob, vat vas your pishness in dat oder world?"

"I vas a miller, Oh Lort."

"Vas you always a poor man, Jacob?"

"Vell, Oh Lort, ven der vater vas a little low and de pishness pad, I sometimes dakes some little extra doles; but, Oh Lort, I all de velt gives does extra doles to de poor."

[After a long pause.]

"Vell, Jacob Miller, you can go oder mit de sheeps, but it is von dem tight spuez.—Wash. Cor. Cincinnati Gazette.

—A young domestic, named Marion Chesterton, was burned to death at Covington on Saturday night. She was pouring coal oil on the fire to start it when her clothes caught the flames and before they were extinguished, her injuries were fatal.

—Two rival candidates are claiming to be the rightful Mayor of Richmond, Va., and the hostilities between the two and their adherents resulted in some bloodshed.

—Gen. Ames is credited with saying that he has fixed things in Mississippi, so as to give the radicals control of the state for at least five years to come! So much for bayonets.

Black Men! Look Out.

The negro, and all that he has gained—but by the way, but by the necessities of the Radical party—are on trial before the white tribunal of the United States. He is a world minority. When the Jacobin has done with him as a tool, and is ready to drop him, then comes his crisis. Let him prepare for judgment! The Montgomery Advertiser has been doing some sifting and sifting it would be well for the negro to study and understand—

Look at the figures:

There are between seven and eight millions of voters in this country. Of these 225,000 are negroes. There are 775,000 in the fifteen slave States, 750,000 in the six New England States, 415,000 in the five States of Ohio, Indiana, New York, New Jersey and Pennsylvania, and 8,500 in the remaining ten Western States and Territories. In the fifteen slave States there are about an million free colored thousand voters.

The figures prove beyond dispute that the future destiny of the negro is in the hands of the white race in the South. Their voting strength is 775,000 against one million free colored thousand voters.

The black strength is as steadily diminishing from natural causes, and they have no sources of foreign supply to keep up the equilibrium. What then should the negro do? Make friends with the white people in the South, or adhere to their carpet bag enemies? It is for them to determine. If they choose the latter course, they must meet their fate with them, and go to the bottom with the sinking Radical ship. Let them prepare for judgment.

IMMIGRATION.—Large numbers of immigrants from the Northern States are seeking homes in Tennessee.

White immigrants are pouring in to Mississippi at an unprecedented rate.—Chicasso county has imported 700 white laborers and 10,000 negroes.

Two Southern gentlemen, Messrs. Giff and Williams, are at present in Hong Kong making arrangements to send 700 Chinese laborers to Savannah and New Orleans.

GOOD TEMPLARS IN DANVILLE.—We learn from the Advocate, that J. J. Hickman, G. W. T. delivered a temperance address on Monday evening, 14th at the close of which many persons gave their names as ready to co-operate in an organized movement. Whereupon a lodge of Good Templars was at once set to work and officers elected.—Ex.

NATIONAL

LIFE INSURANCE COMPANY

OF THE UNITED STATES OF AMERICA.

CASH CAPITAL \$1,000,000, FULL PAID.

THE PLAN.

THE DIRECTORS OF THIS COMPANY have adopted

THE LOW RATES.

ALL CASH PLAN.

As affording the greatest advantage to the largest number of insured, in furnishing the largest amount of immediate insurance for a given sum of money as being definite and certain in its character, and the least liable to misunderstanding as being divested of all uncertainties and complications in regard to dividends, notes, etc., as being eminently secure, convenient and profitable to the insured, as being just and equitable to all; as keeping nearest to the essential principles of Life Insurance; and as providing PERFECT SECURITY AT THE LEAST POSSIBLE COST.

SECURITY.

It affords the Security of a partnership Capital of One Million Dollars.

EVERY POLICY issued by the National Life Insurance is NON-FORFEITABLE.

No Charge is made for Policy Fee, Stamps, or Medical Examination.

The importance and necessity of Life Insurance is now unquestioned. The only question in the mind of any man should be when Company to insure in.

While there are in existence many Companies that are well conducted and have some very favorable features, it must be acknowledged that all the popular principles of Life Insurance and none of the objectionable features are to be found in the National Insurance Company.

The Large Capital, the Low Rates, the Common-Sense Plan, the Definite Contracts, the Honorable and Fair Dealings, the Non-Forfeitable Policies, the Perfect Security, the Liberal Terms of the Policies, etc., etc., render the National Life Insurance Company of the United States of America worthy of the patronage of every business man.

We will take great pleasure in showing the practical working of the National, and the many advantages it possesses over all other Companies now in existence.

John T. Hearn, Agent, Shelbyville, Ky.

Dr. JAS. LOWRY, Medical Examiner.

The Best in The World!

The Scientific American

\$15.00 Cash. For 1870, \$15.00 Cash

A Valuable Premium for all.

This splendidly illustrated weekly journal of Popular Science, Mechanics, Invention, Engineering, Chemistry, Architecture, Agriculture and the kindred arts, is the most valuable and interesting of the age. It is published weekly, and contains the most complete and up-to-date information on all the subjects of science and art. It is a valuable and interesting of the age. It is published weekly, and contains the most complete and up-to-date information on all the subjects of science and art.

TO INVENTORS AND MECHANICS this journal is of special value, as it contains a large amount of information on all the subjects of science and art. It is published weekly, and contains the most complete and up-to-date information on all the subjects of science and art.

SIX Great Remedies

OF THE AGE.

HURLEY'S

STOMACH BITTERS.

FOR

Debility, Loss of Appetite, Weakness, Indigestion, or Dyspepsia, Want of action of the Liver or Disordered Stomach.

There are no better remedies than these for removing these distressing complaints. For either can be had at any drug store in the United States.

JAMES RIDDLE & CO., Proprietors, Louisville, Ky.

To James Riddle & Co., Louisville, Ky.: Gentlemen:—This is to certify that I have been for years suffering and tried all the remedies I have heard of or seen advertised, with little or no relief from any of them. I heard Hurley's Bitters highly spoken of and tried a little with little result in a few days. I commenced, and to my surprise and joy, before I finished one bottle, I felt a great deal better and finally recovered my health. I am now as well as ever, and I feel that I owe you a great deal of thanks for the good you have done me. I am, Sir, your obedient servant, J. W. DIXON, Louisville, Ky., December 10, 1869.

NOTICE TO MOTHERS.
